## GREEN BEAN ZONE

This initiative is designed to create a link between the green bean buyers and roasters. In many cases it is quite difficult to meet face to face due to the geographical challenges in Australia and roasters are only getting to choose from the coffees that are sent to them as samples. It will also include a cupping session / buying show whereby roasters can cup a broad spectrum of origins and make purchasing decisions.

## AWARDS EVENING

The themed awards evening is where winning roasters collect their accolades and celebrate the Australian coffee industry with their peers. The themed evening is a fun chance to let your hair down after a week of intense coffee judging.
